

## Industrial Human Resources Forum Internship (研修型) Registration Sheet

Business Content	番号/よみ	9 -					
	Company Name	Works Corporation					
	Industry	Manufacturing					
	Company Work Description ※Within 150 Words	Using “Ultra-precision machining technology”, we manufacture precision parts such as the lens molds necessary for things like 5G high-speed communication technology and driverless car technology. We also make lens mold products for smartphones and cameras, and optical lens mold products. Aim to become a professional in this field while learning about grinding and machining with OJT (on the job training).					
	Location	〒 811-4321 Fukuoka-ken, Ongagun ongacho Mushozu 1445-1					
	Telephone No.	093-291-1778	FAX No.	093-291-2728			
	Established	April 1, 1991	No. of Employee	58	Average Age	33 years old	
	Homepage	<a href="http://wks-co.com">http://wks-co.com</a>					
	Rep. Position	CEO	Rep. Name	Mieno Keiji			
	Company Information	<p>Our company is committed to “Ultra-precision” and the pillar of our business is to continuously make products that make our customers happy. “How can we meet/respond to quickly changing market demands?” By thinking repeatedly, wisdom, and a wide perspective that is not limited by current ideas, we want to make dreams into reality. We will continue to pursue the idea that “Our customers happiness = our happiness”.</p> 					
Company Name	Works Corporation						
Internship Summary	Internship Theme	Impressive experience! Amazing extra-fine pin grinding!					
	Internship Work Summary	<p>In this 5-day internship , you will manufacture extra-fine pins made of cemented carbide, 30 microns in diameter (0.03m). Even skilled craftsmen can't easily manufacture it. This is an extreme challenge. For this internship, there is no limit to course of study and department. Humanities and Sciences can apply. Those with interest in manufacturing are welcome to apply.</p> <p>1st day: Company profile and products explanation, safety training, and explanation of machine tools such as surface grinders. 2nd ~ day: Start with an explanation on the manufacturing process of ultra-fine pins, then surface grinding OJT (on-the-job training), cylindrical grinding OJT, measurement inspection OJT etc. aiming to complete the work.</p>					
	Possible Internship Period	①	M	D ~	M	D	【 ● 】 Special Request
		②	M	D ~	M	D	※Based on student's schedule
	Scheduled Days	【 5 】 days			【 】 Special Request		
		※Days off 【 ● 】 Saturday 【 ● 】 Sunday 【 ● 】 Holidays Other ( )					
	Working hours	8:30 ~ 17:30 (Break Time 60 mins.)					
	Work Location	Main Office					
Training Location							
Closest station/ bus stop	JR Kagoshima Main Line Get off at Ongagawa Station. Take Onga Community Bus to Shinyashiki Bus Stop, walk 2 minutes
